Dear Search Committee Members,

Elizabeth Anderson is a student of mine, outstanding student teacher, and has the potential to developed into a wonderful young educator. Ms. Anderson is extremely enthusiastic and has the potential to flourish in any environment. I recommend Elizabeth Anderson without hesitation and am sure that she will succeed if offered a position in your district.

Throughout the semester of her student teaching I had the opportunity to observe Elizabeth and speak with others who hosted and/or observed her on a regular basis, and all were impressed by the level of commitment she has for teaching music, and exploring new challenges. Elizabeth's personality, temperament, and wit have enabled her to relate to many different types of people. If more people in leadership roles took the time to share some of their heart-felt thoughts, and better understood those whom they serve in the manner that Elizabeth has, many more people would understand their environment and hopefully succeed.

It is my hope that Elizabeth Anderson will be offered a position in your district. Should you have any questions concerning her please feel free to contact me via phone (617) 747-2426, or e-mail at [cadderley@berklee.edu](mailto:cadderley@berklee.edu).

Sincerely,

A handwritten signature in black ink that reads 'Cecil Adderley'.

Cecil Adderley, Ph.D., Chair  
Music Education Department
